New This Year:

Dormitory Program Welcomes Students From Across The U.S.

RABBI URI FELDMAN, MENAHEL

It is with great excitement and heartfelt gratitude that we share a milestone development in the growth of Yeshiva Ohr Yisrael: the upcoming opening of our very first dormitory. This initiative

marks a new chapter in our mission to bring the values, vision, and unique chinuch of our Yeshiva to an even broader group of talmidim.

Over the past eleven years, Yeshiva Ohr Yisrael has developed a program that stands out in the landscape of Torah education. With a balanced focus on rigorous Torah learning, character development, and personal growth, our approach has drawn the admiration of mechanchim and parents from across the country. Again and again, we have heard the same message: "This is the kind of Yeshiva we wish we had in our community."

The demand from families beyond the greater Boston area has grown steadily, and with the opening of our dormitory, we are proud to make the Yeshiva experience accessible to talmidim from all over the country. Our carefully designed dormitory program will provide structure, warmth, and meaningful guidance to our talmidim around the clock. Welcoming dorm students will not only allow us to serve families beyond Boston, but it will also enhance the entire Yeshiva experience by bringing in motivated, growth-oriented bochurim who contribute to the achdus, ruach, and overall energy of our yeshiva.

We thank you for your continued partnership and support, which makes growth like this possible. May we continue to go mei'chayil el chayil together.

Sincerely yours,

Rabbi Uri Feldman,
Menahel

OUR MISSION

To develop boys into young men who are committed to a life led by Torah values. To provide students with excellence in Limudei Kodesh and in general studies so they will have the requisite skills to be admitted to yeshivas and/or colleges of their choice. Students will learn in an environment that will inspire them to be passionate and sincere about learning and about Yiddishkeit. Derech Eretz and middos are at the core of all learning.

MR. NATHAN RIEDEL, DIRECTOR OF GENERAL STUDIES

This past school year has been one of growth and learning for our General Studies program. I had the privilege of seeing moments of excellence and connection that remind me why we do this work.

I've watched several of our math students push themselves far beyond expectations, mastering the AP Calculus exam. Seeing students strive for excellence is one of the great privileges of this role.

Our teachers continue to be the heart of this program. Last year, our faculty made a tremendous impact on our students through genuine connection and care. In addition to a more transparent use of Google classroom to communicate deadlines and schedules, teachers have pursued a variety of technologies to implement in their classrooms.

We are excited to welcome new experienced teachers to our faculty and add a hands-on engineering course, AP Physics, and an upper division science survey course. These courses and faculty will strengthen our academic offerings and the support we can provide our students.

I'm grateful for the vision of Rabbi Feldman and for a faculty that continues to work hard for our students. My hope is that this year we will continue building on these important steps forward, working together to create an environment where students are supported, challenged, and inspired to do their best.

Thank you for trusting me with this responsibility. With your partnership and our shared commitment, I look forward to a year of continued growth.

Nathan Riedel,
Director of General Studies
